

Statement of Compliance

Product Security and Telecommunications Infrastructure Act 2022 the ("Act")

This Statement of Compliance is prepared by each of Vaillant Group UK Limited, with registered office at Nottingham Road, Belper, Derbyshire, DE56 1JT and Vaillant GmbH of Berghauser Str. 40 D-42859 Remscheid (together, the "**Manufacturers**"), in accordance with the Act and the Product Security and Telecommunications Infrastructure (Security Requirements for Relevant Connectable Products) Regulations 2023 (the "**Regulations**").

Each of the Manufacturers confirm that, in their opinion, the Product (as defined below) complies with the applicable security requirements in Schedule 1 of the Regulations (the "**Security Requirements**"). Without prejudice to the full detail of Schedule 1 of the Regulations, the Security Requirements include requirements that:

- passwords must be unique per product or defined by the user of the product. (Details on how passwords can be set can be found at [Password](#)).
- the Manufacturers provide information on how to report security issues about a Product and how any person reporting such issues will be updated as to their progress (such information can be found at [Website Page](#)) and
- the Manufacturers provide information on the minimum security update periods for each Product (please see the table below).

For the purposes of this Statement of Compliance, the "Product" is:

Product	Type	Article Number	Defined support period
MiGO	Gateway	020223275	7 years as a minimum post discontinuation of saleable product
